CloseCall America donates \$1,250 to dual-enrollment scholarship program

Stevensville-based CloseCall America presents a check for \$1,250 to officials of the Queen Anne's County Chamber of Commerce. The check matches the amount the chamber reduced in its Dual Enrollment Scholarship Program during recent budget cuts. The scholarship provides financial assistance to students from Kent Island High School, Queen Anne's County High School, and Wye River Upper School who want to try the college experience at Chesapeake College while still in high school. CloseCall America Vice President Mark Savage, third from left, said the company decided to help fund the scholarship because "education is a big focus" at the chamber. At left is Wayne Humphries of the chamber's Business Education Committee. Left to right are Wayne Humphries of the chamber's Business Education Committee; Mark Savage, Vice President of CloseCall America's wireless division; Linda Friday, chamber president; and Chip Brittingham, of the chamber's Business Education Committee. CloseCall America is a provider of local, long distance, wireless and Internet service in the Mid-Atlantic region.
